HAVE A NICE VANCATION!

With the MAN TGE Next Level Camper Van.

OFF ON AN ADVANTURE!

Caravanning is the ultimate freedom, flexibility and the feeling of simply being at home wherever you are - whether camping or in the great outdoors.

As a commercial vehicle manufacturer with many years of experience, MAN is the perfect choice for anyone who wants a comfortable and reliable vehicle for their caravanning adventure - from luxury motorhomes to expedition trucks.

With the MAN TGE Next Level, the trend-conscious motorhome enthusiast has got a base vehicle in the 3.5 t segment that particularly impresses with its outstanding comfort and absolute reliability.

In addition to a wide range of base vehicle options, the MAN TGE Next Level offers excellent handling and a high level of safety.

Get ready to discover the wonders of modern travel with us! We're thrilled to introduce you to the MAN TGE Next Level, the ultimate companion for your next big adventure.

MAN TGE NEXT LEVEL – IT'S VANTASTIC!

The MAN TGE Next Level is a true all-rounder. It can be used in a variety of ways - as a parcel service, tipper, minibus or motorhome - it does it all with ease!

What's more, the MAN TGE Next Level now opens up a new dimension of comfort and safety. The new cockpit is just one of the many reasons why the MAN TGE Next Level is a real must-have. The digital instrument panel can be individually customised and shows all the important information at a glance: Speed, mileage, fuel level, coolant temperature - you can see all this and much more at a glance on the free-standing infotainment display. It is your command centre for everything you need on the road. Entertainment, important vehicle functions and navigation - everything in view and everything under control.

The MAN TGE Next Level also sets new standards when it comes to serially available assistance systems. This gives the driver, passengers and other road users the best possible protection. Active Lane Keeping Assist, Intelligent Speed Assist as well as Drive off Warning[1] and Blind Spot Warning[1] are all included.

[1] Standard for vehicles > 3.5 t (N2) and optional equipment subject to additional charge for vehicles with 3.5 t (N1).

MAN
M AN 3403

YOUR BASE FOR AN UNFORGETTABLE VANCATION.

The MAN TGE Next Level is available in a range of versions, giving you the perfect base vehicle for your camper van! Whether you want to get creative and build your own or you're looking for a professional body builder to bring your vision to life, the TGE has got you covered!

MAN TGE Next Level cowl: Perfect for the professional body builder.
The MAN TGE Next Level cowl offers a robust base for building semi-integrated to fully integrated motorhomes. It is best suited for professional body builders and customers who demand the highest standards of quality and individuality.

MAN TGE Next Level base vehicle camper van: Flexibility for self-builders and professionals.
The MAN TGE Next Level base vehicle camper van is equally suitable for ambitious self-builders and professional body builders. It offers a solid basis for customised adaptations and equipment according to your wishes.

MAN TGE Next Level base vehicle with super-high roof: Design your individual dream camper.
The MAN TGE Next Level panel van is the ideal choice for anyone who wants to customise their camper van according to their own ideas - regardless of whether you want to do it yourself or rely on the expertise of a motorhome manufacturer. With up to 18.4 m³, the MAN TGE Next Level base vehicle with super-high roof offers a sensational amount of space for individual motorhome conversions.

But that's not all: numerous optional equipment highlights such as intelligent four-wheel drive ensure safe and comfortable driving even on difficult terrain and in any weather conditions.

YOUR CAMPER VAN. YOUR ADVANTAGE.

Whether you are on a business trip or looking for a real adventure, the MAN TGE Next Level is your ideal companion! Here are the reasons why the MAN TGE Next Level should be your next vehicle:

Tailored to your needs. From panel van to camper van and everything in between, you can configure your vehicle exactly the way you need it. Whether interior design, loading volume or special equipment, the MAN TGE Next Level adapts effortlessly to your needs.

Your safety is our top priority. The MAN TGE Next Level is equipped with innovative assistance systems and state-of-the-art safety technology, so you can set off on your adventure with complete tranquillity.

Your feel-good van. The MAN TGE Next Level has been designed with ergonomics in mind, because we know how important every detail is to your driving experience. Comfortable seats, the user-friendly multifunction steering wheel, the free-standing infotainment display and a spacious cabin create an oasis of well-being, even on long journeys.

Built for adventure. The MAN TGE Next Level is the result of decades of technical expertise and impresses with its durability and reliability. It masters city streets just as effortlessly as rough terrain and delivers unrivalled performance day after day. It is a partner you can rely on at all times.

Made for performance. The MAN TGE Next Level impresses with its efficient engine that guarantees high mileage and exceptional reliability even in demanding conditions. Trimmed for performance, the MAN TGE Next Level can take on almost any adventure - whether on long distances, on the road or off-road.

TOWARDS THE SUN, RELAXED AND SAFE.

The MAN TGE Next Level is a real safety and comfort master.
Wherever your journey takes you, the MAN TGE Next Level will keep you safe and comfortable. It has numerous assistance and safety systems that automatically support you within the system limits - for a relaxed, safe and unforgettable journey.

MAN four-wheel drive[1]
The road to the world's most beautiful places is not always paved. Thanks to the intelligent four-wheel drive of the MAN TGE Next Level, that's not a problem, because within fractions of a second the four-wheel clutch distributes torque to the axle where it is needed. This means you can drive safely and confidently on and off-road in nearly all weather conditions.

MAN automatic transmission[1]
With MAN's automatic gearbox you benefit from a level of driving comfort that you would otherwise only experience in a car. The 8-speed automatic transmission not only offers more gears, but also ensures lower fuel consumption.

[1] Optional equipment at extra cost.

SMART ASSISTANCE SYSTEMS FOR YOUR SAFETY.

The MAN TGE Next Level is equipped as standard with a range of modern assistance systems that make every-day driving easier and increase safety for the driver, passengers and other road users. At the same time, numerous intelligent assistance systems help prevent damage to the vehicle. For those who want even more support, a wide range of optional assistance systems is available.

Standard assistance systems (highlights)

- Emergency brake assist
- Active Lane Keeping Assist
- Fatigue detection
- Traffic sign information
- Blind spot warning[1,4]
- Drive off warning[1,4]
- Tyre pressure monitoring system
- Parking Assist
- MAN CruiseAssist
- Intelligent Speed Assist

Optional assistance systems (highlights)[2]

- Park Steering Assist
- Rear view camera
- Cruise Assist Plus[3]
- Turn Assist
- Lane Change Assist

[1] Standard for vehicles over 3.5 tonnes, (N2).
[2] Optional equipment at extra cost.
[3] Only available for vehicles with automatic transmission.
[4] Optional for vehicles with 3.5 tonnes, (N1).

[1] 12.9” display only available in conjunction with MAN Media Van Navigation Business.

PUTS THAT HOLIDAY FEELING BEHIND THE WHEEL.

The MAN TGE Next Level has a modern cockpit that has been redesigned from the ground up. It promises even more driving pleasure with an ergonomic multifunction steering wheel and a free-standing display in the centre.

The fully digital instrument panel offers a wide range of options for customising the display of information to suit your preferences - a real highlight!

The MAN Media Van infotainment system is available in three versions with two display sizes: MAN Media Van (10.4” display), MAN Media Van Navigation[1] (10.4” display) and MAN Media Van Navigation Business[1] (12.9" display). With the MAN Media Van you can easily control the vehicle functions, radio, smartphone and much more. There are also a number of new standard features such as Keyless Go, electronic parking brake, a total of four USB-C interfaces[2] , smartphone integration via MAN SmartLink and, for 3.5-tonne vehicles (N1), a front passenger airbag and accident recording.

[1] Optional equipment at extra cost.
[2] Two USB interfaces for charging and data transfer and two USB interfaces for charging only.

AS INDIVIDUAL AS YOUR DESTINATIONS.

The MAN TGE Next Level gives you the freedom to make your dreams come true. Whether as a semi-integrated motorhome or a customised camper van – the MAN TGE adapts to your needs and reliably accompanies you on all your adventures.

Application example:
WESTFALIA Sven Hedin.
Which motorhome enthusiast is not familiar with the Sven Hedin series from Westfalia? Despite its compact dimensions, the MAN TGE Next Level as a converted Sven Hedin motorhome offers plenty of space for the living, dining, bathroom and sleeping areas. Space-saving solutions in the elegant interior, such as the flexible rear storage space or the kitchen block with pull-out refrigerator, allow a total of four seats and two comfortable sleeping berths, for which a generous transverse bed is available.

EXCELLENT MAN SERVICE.

With the MAN TGE Next Level camper van, you will only experience adventure on your journey, not in the workshop. Because the MAN TGE has a clear advantage: the excellent MAN Service.

Thanks to our many years of experience in the commercial vehicle industry, we are your strong and reliable partner with a comprehensive service network throughout Europe. With our flexible opening hours and our 24/7 breakdown service, you are always well cared for and can look forward to your holiday adventures with complete tranquillity.
