We train the future.

# MAN ProfiDrive® WE TRAIN THE FUTURE.

Because know-how and foresight are key.

**SAFETY**

Whether you're a business owner, fleet operator/manager or driver – you can benefit from the MAN ProfiDrive® range of services: the professional, targeted training sessions are focused on reducing costs and improving cost-efficiency and safety. Because we know you want to stay competitive and be as sustainable and economical as possible on the roads, now and in the future. And with 40 years' experience in more than 67 countries worldwide, we can help – whether it's providing our traditional MAN ProfiDrive® driver training, customized training in niche markets or even ongoing education in accordance with the German Commercial Drivers' Competency Act.

Safety always comes first! This is critical for all road users, not just employees and cargo. As well as educating drivers in careful, safe driving, MAN ProfiDrive® safety training for lorries, buses and MAN TGEs covers the basic safety rules as well as how to respond in emergencies. We help to identify and evaluate risks and boost safety and efficiency.

**DRIVER  
TRAINING**

To feel comfortable on the roads and contribute to a positive outcome for everyone using safe, anticipatory driving, you have to be in control of your vehicle. During the MAN ProfiDrive® driver training sessions, you – or your employees – will learn everything necessary to continuously improve your logistics efficiency and safety.

**ECONOMY**

Ensuring the best possible interaction between driver and vehicle to achieve the most economical way of driving is paramount in the logistics industry. That's why, with MAN ProfiDrive®, we do everything we can to help driver and vehicle interact more harmoniously and make processes more sustainable, efficient and cost-effective.

# MAN ProfiDrive®. THE RIGHT DRIVE FOR YOUR BUSINESS.

Be more efficient, safe and sustainable on the road with lorries, buses or MAN TGEs.

Without a doubt, being a commercial lorry driver is among the most challenging jobs in the logistics sector. Solid driving skills and a map just don't cut it anymore: these days, it's about expertise and being able to anticipate everything that comes next for business to remain economical and sustainable. Which means drivers need to be highly trained; it's the only way to stay up to date with current guidelines and act in an economically responsible way. And that's exactly what MAN ProfiDrive® delivers. We make professionals even more professional.

We help them to be more efficient, safe and sustainable on the road with lorries, buses or MAN TGEs.

Safety is always our top priority. Anywhere and everywhere. New, innovative technologies and changes to laws and regulations are constantly raising the bar in terms of safety and efficiency – presenting commercial drivers with more and more challenges. Our international MAN ProfiDrive® trainers will show how, through anticipatory driving and by deploying the latest available technology, your drivers can

boost their everyday efficiency. The focus is on educating drivers on how to maintain superior control of the vehicle in critical situations, such as when braking around corners or swerving to avoid sudden hazards. The training also covers basic safety rules, how to respond in emergencies and detailed guidance in areas such as traffic and environmental safety, crime and health and safety in the workplace, as well as bespoke advice on government incentives and legal regulations.
