

# MAN GENUINE PARTS **ECOLINE.**

Sustainably clever.

# AN INTELLIGENT REMANUFACTURED PARTS PROGRAMME.

Has the warranty period for your vehicle expired already? Then we offer you an ideal solution for fair-value repair: our MAN Genuine Parts ecoline. These are much more than just replacement parts – they undergo a professional remanufacturing process in line with strict MAN Genuine Parts standards.

Each part is carefully dismantled, thoroughly cleaned, and subjected to intensive tests and quality checks. We aim to industrially remanufacture as many used parts as possible so that they can be reused. All wear parts are replaced to ensure the highest MAN quality and safety.

This premium remanufacturing helps us to ensure that the quality of our remanufactured parts meets the top quality of a new part. This is why you receive the same warranty of 24 months for MAN Genuine Parts ecoline as you would for a new MAN Genuine Part.

Place your trust in our experience and quality to repair your vehicle in a cost-efficient, environmentally friendly and reliable way.

## Your benefits:

- **Fair-value maintenance** of the vehicle – the total cost of ownership (TCO) can be reduced by lower repair costs
- **Shorter downtimes** thanks to replacement instead of repair
- **MAN Genuine Parts quality** – 100 % tested and always at the state of the art
- **High reliability** – the same specifications as MAN Genuine Parts, incl. warranty
- **Sustainability** – remanufacturing saves resources and CO<sub>2</sub>
- **Saving of time and effort** – MAN Genuine Parts ecoline are available at any MAN service outlet
