# **WE ALL WANT THE SAME THING: TO INCREASE PROFITABILITY.**

Digitisation is changing the way we live and work. Digitisation means efficiency, and serves to simplify processes and design them in a more results-optimised way. Transport is analogue and will remain so, but fleet management is being digitised. MAN DigitalServices helps with optimising business processes, reducing fuel and administrative costs, planning and managing service work, and time management. After all, MAN DigitalServices serves a single purpose: improving your company's profitability. Isn't that great news?

**The digital services available in the following areas support you with the economic and efficient management of your fleet:**

- Basic equipment
- Vehicle location
- Maintenance and repair management
- Driver support
- Software upgrades over-the-air

FOR THREE, FOR FREE:  
MAN **DIGITALSERVICES.**

TEST NOW  
FOR THREE  
MONTHS FREE  
OF CHARGE!

This is the perfect time to seize the opportunity: test MAN DigitalServices now for three months free of charge! Our test offer applies to the following paid digital services: Geo and MAN ServiceCare M. The digital services MAN ServiceCare S and the MAN Driver app are already free of charge and are therefore not included in the offer.

**Benefit from:**

- Efficient fleet management with digital services that make your work considerably easier.
- Our offer now at zero cost and with zero risk – your free trial period ends automatically after three months with no further obligation.

The test offer\* applies to all vehicles\*\* in your fleet within the booking period. Begin straight away: with just a few clicks, you can test the benefits of MAN DigitalServices for your entire fleet – and we are certain that they will win you over.

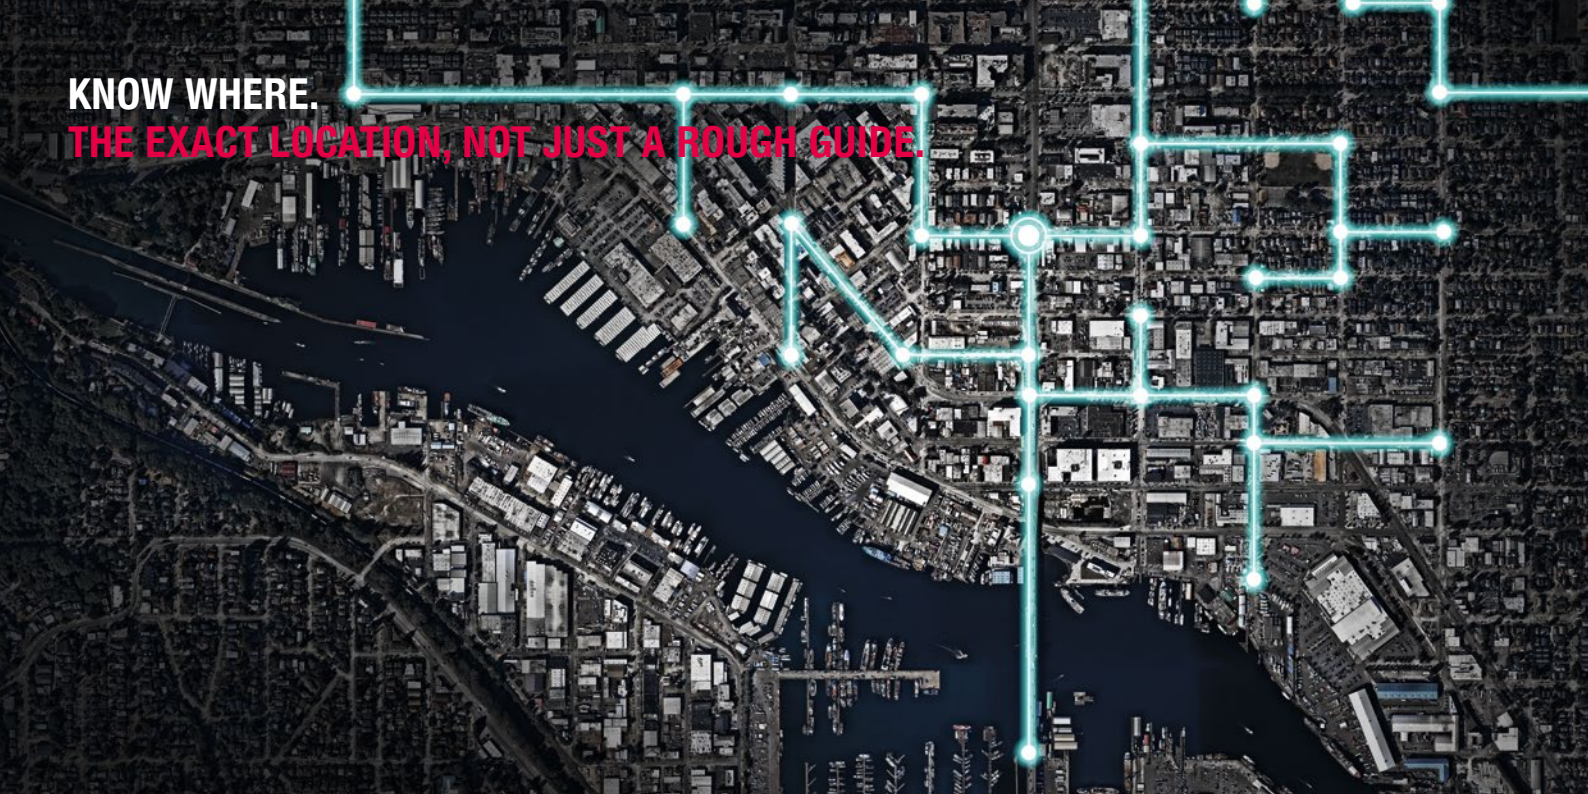

**[www.man.eu/marketplace](http://www.man.eu/marketplace)**

\* Applies to all customers who are not yet signed up to any paid MAN DigitalServices.

\*\* Where technically feasible

**KNOW WHERE.**

**THE EXACT LOCATION, NOT JUST A ROUGH GUIDE.**

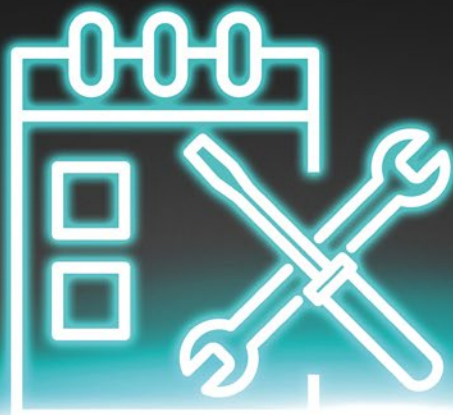

## Geo

**Geo** is the comprehensive digital compass for your vehicle fleet. You have a complete overview and full transparency when it comes to all vehicle locations – for intelligent route planning and optimisation, as well as long-term storage of driving history for later evaluation.

- Driving history for the last 25 months to identify optimisation potential in driving performance
- Reliable, efficient route planning with comprehensive map material
- Individual points-of-interest and geofence set-up
- Simple sharing of vehicle positions with your customers via link

**WE TAKE CARE OF THE MAINTENANCE AND SERVICE.  
YOU HAVE ENOUGH TO DO.**

**MAN ServiceCare S** is the free entry point into digital maintenance and repair management for your MAN TGE fleet. Your MAN service outlet will proactively inform you about upcoming maintenance work and coordinate the workshop visit. With forward-looking planning, appointments can be intelligently bundled and service requirements can be easily combined.

- Increased vehicle availability thanks to optimised maintenance status of your vehicles
- Overview of information relevant to maintenance
- Time savings thanks to outsourcing of the administrative burden to your MAN service outlet

With **MAN ServiceCare M** – in addition to the services provided by MAN ServiceCare S – you benefit from a number of advantages: thanks to comprehensive maintenance information regarding components, fill levels, brake pads and more, you are able to conduct maintenance and repair management that is even more individualised. You also have the possibility of managing your own components and vehicles from other manufacturers.

In addition to the benefits of MAN ServiceCare S:

- Flexibility – because you decide which maintenance and repair work you will conduct yourself and which will be carried out by MAN
- Planning security thanks to detailed and individual monitoring options for your vehicles and components
- Efficiency thanks to maintenance and repair management for vehicles from other manufacturers (FMS data)

We are already further developing MAN ServiceCare with preventive functions so that your vehicles can spend the maximum time possible ready for action.

# MAN DRIVER APP.

Makes driving easier.

Available on the  
Google Play

Download on the  
App Store

DOWNLOAD FOR  
FREE NOW.

## MAN Driver App (free of charge)

The **MAN Driver app** makes everyday driving more digital and therefore easier. It helps with **damage reports**, in the event of a breakdown and in finding MAN service outlets.

- Free digital assistance
- Simply request breakdown and accident support with a click – find the nearest MAN service outlet around the clock
- Network the driver, vehicle, fleet manager and MAN service outlet (e.g. ability to transmit damage reports to MAN ServiceCare)

**SOFTWARE UPGRADES**  
**OVER-THE-AIR.**

With **MAN Now**, software upgrades come to you – wherever your vehicle happens to be, with no stop-off at the workshop. The so-called features are transmitted quickly and easily to your vehicle thanks to state-of-the-art over-the-air technology. The MAN EfficientRoute\* feature ensures that your MAN TGE is always on the fastest route. The map and traffic data are transferred via mobile internet to your MAN TGE during the journey and made available in the background without interfering with the current route guidance. The driver always has the latest news and weather information with the free-of-charge MAN OnlineNews\* feature. Discover the world of MAN Now at [www.man.eu/mannow](http://www.man.eu/mannow).

- Time savings thanks to transmission of software upgrades via mobile internet
- Increased availability and efficiency for your vehicle
- More transparency thanks to automatic installation capability checks by MAN Now

\* The features MAN EfficientRoute and MAN OnlineNews are available for MAN TGEs from model year 2021 (excluding MAN eTGEs) with the necessary requirements and once initial activation is concluded.

# THIS IS HOW IT WORKS.

## SIMPLY INGENIOUS – INGENIOUSLY SIMPLE.

1.

Register on the RIO platform at [www.rio.cloud](http://www.rio.cloud)

2.

Store vehicles with an installed and activated MAN telematics box

3.

Order the desired digital services

4.

Mobile transmission of the corresponding data to the RIO cloud or transmission of ordered software upgrades to your vehicle

### How to increase the efficiency of your vehicle fleet in just a few simple steps.

If you have any questions regarding MAN DigitalServices, please contact the MAN DigitalServices experts by telephone on **00800 63444825** (weekdays 8 a.m. to 5 p.m.) or send an email to [digitalservices@man.eu](mailto:digitalservices@man.eu).

The portfolio of MAN DigitalServices is integrated into the cloud-based RIO ecosystem. The MAN Marketplace on the RIO platform at [www.man.eu/marketplace](http://www.man.eu/marketplace) offers you access to the digital services that you can use via a suitable telematics box in your vehicle.

### Curious?

Ideally, scan the QR code now and climb aboard the world of MAN DigitalServices.
